We are pleased to announce one of our most sought-after events of the year--- a blind tasting featuring 12 of the finest wines produced in California by men and women who are dedicated to making world-class wines of exceptional elegance. Because they are made in relatively small quantities, and because they are of uncompromising quality, these great wines can be difficult to obtain (5-year waiting list), and can command as much as \$200+ per bottle at initial release!

A separate glass will be provided for each wine (12 glasses for 12 wines) allowing us to compare them side-by-side and to experience their evolution as the evening progresses. *Comfortable seating* will allow us to enjoy the wines in a breath-taking location. *White tablecloths* will be used to highlight visual nuances, and *Bremner wafers* will be provided to refresh the palate.
